I write to express my gratitude to you and Mr Kot Kwok-chiu for setting up my visit to Delia Memorial School (Broadway) this afternoon and for briefing and accompanying me throughout.

I thoroughly enjoyed my two-hour visit. In particular, I much valued the chance of listening to the succinct presentation of the ten enthusiastic board expounders, observing part the Liberal Studies lesson on dealing with inflation and discussing face to face with ten student representatives a wide range of socio-economic, employment and educational issues. I found my candid dialogue with the students most interesting and useful. I was struck by their critical thinking, frankness and determination to succeed. I perfectly understand the challenges facing ethnic minorities. For our part, the Hong Kong Special Administrative Region Government will continue to step up its efforts to ensure a level playing field for all.

Clearly, Delia Memorial School (Broadway) has truly lived up to its motto of Diversity in Harmony. It has contributed significantly to providing quality education for non-Chinese speaking children from different ethnic backgrounds. This would not have been possible without a highly dedicated and professional teaching team led by you. I would like to congratulate you on doing a good job in promoting an inclusive society.

Please feel free to let me know if any of your students and their families run into social and employment problems. I will try my best to assist. I will also ask my colleagues to contact you or Mr Kot in due course about the Child Development Fund. I hope that some of your students could benefit from this meaningful scheme.
