Dear Parents / Guardians

**International Competitions and Assessments for Schools (ICAS)**

Our school is going to provide a chance for our students to join the scheme of “International Competitions and Assessments for Schools”, which is an initiative of Educational Assessment Australia (EAA) of the University of New South Wales. The ICAS assesses student skills in *critical thinking, comprehension, reasoning and problem solving*. The EAA provides students with reports on their individual strengths and weaknesses. Schools are provided with diagnostic reports with comprehensive data on student performance against the test population from different parts of the world. All students who participate will receive certificates in recognition of their level of achievement.

Details of the assessments are as follows:

|                             |                                   |
