

School Information Day 23-11-2024

We were excited to welcome you to our School Information Day, a special event designed for 106 primary students and their families! This was a wonderful opportunity to explore our school and discover the exceptional educational experiences we offered.

Throughout this engaging event, we prepared a variety of activities to showcase our academic programs and co-curricular offerings. Participants got ready to take part in taster lessons in English, Mathematics, ICT, and Visual Arts. Our experienced teachers led captivating demonstrations and interactive sessions that ignited curiosity and highlighted our dynamic teaching methods.

Attendees dove into the fascinating world of science during our School Information Day! They were amazed as we presented thrilling experiments in Physics, Chemistry, and Biology. Participants witnessed mesmerizing chemical reactions, explored the laws of motion, and uncovered the secrets of life through captivating demonstrations. This hands-on experience was designed to spark interest and inspire a lifelong passion for scientific exploration.

Guests experienced the wonders of STEAM education as they engaged with intelligent robots, augmented reality (AR), virtual reality (VR), and drones. They even had the chance to try out flight simulations! The flight simulations provided an immersive experience for students, allowing them to explore the principles of aviation and technology hands-on. Engaging with realistic scenarios, they developed critical thinking and problem-solving skills. This innovative learning tool fostered a deeper understanding of flight dynamics, inspiring future careers in aviation and aerospace engineering.

A highlight of the event was the Swarmfly formation drone performance with lively robot dance, showcasing advanced drone and robot technology in a spectacular display, blending creativity with technology, which further ignited their passion for learning in science, technology, engineering, arts, and mathematics. In addition, the Swarmfly formation drones created a stunning display at the 60th Anniversary of Delia Group of Schools, brilliantly forming the number "60" in the school gymnasium. It captivated the audience with a spectacular visual celebration of six decades of educational excellence and community spirit.

To celebrate our vibrant arts culture, we arranged captivating singing and dancing performances, along with a showcase from our brass band.

Finally, the awards presentation for the drawing and dodgeball competitions for the primary students was a great success, showcasing their creativity and teamwork. Students displayed impressive artistic talents in the drawing contest, while the dodgeball games featured exciting matches filled with energy and sportsmanship. Overall, the events fostered a sense of community and provided an opportunity for our young learners to shine.

Our School Information Day served as an excellent opportunity for prospective students and their families to experience the unique educational environment we provided. It offered a glimpse into the vibrant and nurturing community that awaited them at our school. We looked forward to showcasing our exceptional programs, dedicated faculty, and the countless opportunities for growth and learning that lay ahead. Thank you for joining us on this exciting journey as we paved the way for future admissions to our esteemed institution!
