

Delia Memorial School (Broadway)

Parents & Teachers Interview Day

Welcome, parents, teachers, and esteemed guests, to the annual Parents-Teachers Interview Day! We are delighted to have you all here today as we come together to strengthen the bond between our school and our valued families.

The purpose of this event is simple yet profound: to foster communication and collaboration between parents and teachers, ultimately enhancing the educational journey of our students. We believe that when parents and teachers work hand in hand, we create an environment that nurtures the holistic development of our young learners.

Today, you will have the opportunity to engage in meaningful conversations with your child's teachers. This is a chance to gain deeper insights into your child's progress, strengths, and areas for growth. Our dedicated teachers are here to share valuable observations and offer guidance, ensuring that we collectively provide the best possible support for your child's educational needs.

In addition to the parent-teacher interviews, we have arranged a variety of engaging activities for you to enjoy. Take a stroll through the different laboratories, where our talented students have prepared fascinating exhibitions, including our exciting STEAM (Science, Technology, Engineering, Arts, and Mathematics) exhibition. Witness their passion for learning and marvel at their creativity.

We are also pleased to welcome our team of educational and clinical psychologists to the upcoming parent-teacher interview day. These professionals play a vital role in supporting the emotional and academic well-being of our students. They are here to provide valuable insights and professional opinions to parents, helping to address any concerns you may have regarding your child's development, learning strategies, and emotional health.

Lastly, we are excited to announce a series of fun activities for our school community! Join us for a delightful day filled with delicious treats, including free popcorn, HK egg waffles, and a selection of refreshing drinks and tea. Kids can also enjoy creating their own mini-terrariums, exploring scented candles, and engaging with plushies, and capsule toys. It promises to be a wonderful opportunity for family bonding and enjoyment. We look forward to seeing you at the school hall G/F!

Thank you.

Classroom Floor Plan of Parents-Teachers Interview Day

4/F	241 Library	242 Teacher Room
-----	----------------	---------------------

3/F	231A Psychologist Office	231 4D	232 2H	233 Music Room	234 5A	235 5B	236 4C	237 VA Room	238A 5D	239 Chemistry Lab
