DELIA MEMORIAL SCHOOL (BROADWAY)

Notice to Parents / Guardians

1st September 2026

Dear Parents / Guardians

2026-27 Homework Detention Class (HDC)

I am writing to inform all of you about the implementation of the Homework Detention Class (HDC). Our School would like to help students form a habit of handing in homework on time and inform parents of students who repeatedly do not submit homework punctually.

Every day, subject teachers will log in to the School's intranet, eClass system, and input the content taught and homework for that particular day there. If students have not submitted homework punctually on one day, subject teachers will assign students to Homework Detention Class (HDC) and students have to stay for 1 hour and they have to finish copying punishment there. The school will inform parents whose children have to stay for the HDC that day after school through the e-class parents app.

We believe in the importance of cultivating our students to submit assignments on time, as it helps students prepare for their tests and exams, and finally, academic improvement can be observed and shown. However, the help and support of parents/guardians in this aspect is indispensable. We sincerely hope that with the academic measures mentioned here, the habit of finishing assignments and doing revision at home every day can be properly developed among our students in Delia Broadway.

Should you have any questions related to the captioned system, feel free to approach our School Administrators.

Thank you very much for your attention.

Yours faithfully

K. C. Kot
Principal
